A fast-growing community in a strategically connected location

Located along Canada's 401 superhighway, IP Park's strategic location provides easy access to domestic and international markets via the Region of Waterloo International Airport and Toronto Pearson International Airport.

Our global reputation is in tech, but our foundation is in manufacturing. Waterloo is home to 1,400+ manufacturing companies working in automotive, aerospace and food processing. In our community, you'll find global companies like Toyota Motor Manufacturing Canada and Siemens alongside homegrown innovators like Clearpath Robotics, ATS Automation and Christie Digital.

The strengths that have made Waterloo a global technology hub have also made our community a leader in cutting-edge robotics and automation. In total, 90+ Waterloo-based robotics and automation companies are working in areas such as mechanical design, machine vision, controls system integration, automation integration and robotics integration.

Canada's fastest-growing community and North America's fastest-growing emerging talent market – with access to three world-renowned post-secondary institutions: University of Waterloo, Wilfrid Laurier University, and Conestoga College.
